Delta Resources Limited

(An exploration stage company)

Notes to financial statements

For the three- and six-month periods ended June 30,
(in Canadian dollars)

1. Statute of incorporation and nature of activities

Delta Resources Limited (the “Company”) is a corporation continued under the *Business Corporations Act* (Ontario) incorporated on January 19, 1946. The Company changed its name to Delta Resources Limited from Golden Hope Mines Limited in June 2019. The Company’s principal operations are mining properties and exploration expenditures made on properties that are not in commercial production. The Company is exploring its mining properties and has not determined whether or not the properties contain economically recoverable resources. The address of the registered office is 1718, Christine Crescent, Kingston, Ontario, Canada, K7L 4V4.

The Company’s common shares are traded on the TSX Venture Exchange under the symbol DLTA, on the Over-The-Counter Bulletin Board (OTCBB) under the symbol DTARF and on the Frankfurt Stock Exchange under the symbol 6G01.

2. Statement of compliance with IFRS

The condensed interim financial statements of the Company have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. The same accounting policies and methods of computation were followed in the preparation of these condensed interim financial statements as were followed in the preparation of the financial statements for the year ended December 31, 2023. These condensed interim financial statements do not include all of the information required for full annual financial statements and should be read in conjunction with the financial statements for the year ended December 31, 202e which have been prepared in accordance with IFRS, as issued by the International Accounting Standards Board.

The Board of Directors approved these financial statements on August 28, 2024.

Basis of preparation

These financial statements have been prepared on a going concern basis under the historical cost convention, unless specifically stated in the financial statements.

Functional and Presentation currency

These financial statements are presented in Canadian Dollars because that is the currency of the primary economic environment in which the Company operates, and is the functional currency of the Company.

3. Going concern

The Company has not yet determined whether its mining properties contain mineral deposits that are economically recoverable. The recoverability of mining properties is dependent on the discovery of economically recoverable reserves and resources; securing and maintaining title and beneficial interest in the properties; and the ability to obtain the financing required to complete exploration, evaluation, development and construction or the proceeds from the sale of such assets.

The Company had recurring losses in the current and prior years, including a net loss of \$3,853,303 for the six-month period ended June 30, 2024, has an accumulated deficit of \$54,702,856 (2023 - \$47,417,410) since its inception, and expects to incur further losses in the development of its business. Further, the business of mining and exploration involves a high degree of risk and there can be no assurance that current exploration programs will result in the discovery of economically recoverable reserves and resources and/or profitable mining operations.

For the three- and six-month periods ended June 30,

(in Canadian dollars)

3. Going concern – Cont'd

In addition to ongoing working capital requirements, the Company must secure sufficient funding for the exploration and evaluation programs and pay general and administrative costs. The Company's ability to continue as a going concern is dependent on being able to obtain the necessary financing to satisfy its liabilities as they become due. As at June 30, 2024, the Company has a working capital of \$2,272,971 (2023 - \$8,395,351). Management estimates that funds on hand will not be sufficient to meet the Company's obligations and commitments and to pursue and complete the development of its mining properties. If management is unable to obtain new funding, the Company may be unable to continue its operations, and amounts realized for assets may be less than amounts reflected in these financial statements.

The conditions and uncertainties described above indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. The Company's business plan is dependent on raising additional funds to finance operations within and beyond the next 12 months. Any funding shortfall may be met in the future in a number of ways, including, but not limited to, the issuance of new debt or equity instruments, reduction in expenditures and/or the introduction of joint venture partners and/or business combinations on terms which are acceptable to the Company. Although the Company has been successful in the past at raising funds, there can be no assurance the Company will be able to secure financing in the future or that these sources of funding will be available.

The accompanying financial statements have been prepared using assumptions applicable to a going concern, which contemplates the realization of assets and settlement of liabilities in the normal course of business as they come due. In assessing whether the going concern assumption is appropriate, management takes into account all available information about the future, which is at least, but not limited to, twelve months from the end of the reporting period. These financial statements do not reflect the adjustment to the carrying values of assets and liabilities, expenses and financial position classifications that would be necessary were the going concern assumption not appropriate. These adjustments could be material.

4. Critical accounting estimates, judgments

When preparing its financial statements, management undertakes a number of judgments, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses. The actual results may differ from the judgments, estimates and assumptions made by management in the audited financial statement ended December 31, 2024.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and in any future years affected.

Significant areas requiring the uses of management estimates relate to determining the fair value of share purchase options granted and warrants issued and significant areas requiring the uses of management judgments relate to determining the ability to continue as a going concern.

Critical judgments in applying accounting policies

Going concern

The assessment of the Company's ability to execute its strategy by funding future working capital requirements involves judgment. Estimates and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. There is a material uncertainty regarding the Company's ability to continue as a going concern.

Other liabilities related to flow-through shares represents the renunciation of tax deductions to investors following flow-through shares financing.

During the year ended December 31, 2023, the Company committed to pay, before December 31, 2024, \$4,500,090 in eligible exploration and evaluation expenses, in accordance with the *Income Tax Act* of Canada and the *Taxation Act* of Québec. These tax deductions were transferred to investors in flow-through share investments in 2023. As at June 30, 2024, the Company has respected all of its regulatory requirements in relation with flow-through financing.

The disallowance of certain expenses by tax authorities could have negative tax consequences for investors or the Company. In such an event, the Company would indemnify each flow-through share subscriber for the additional taxes payable by such subscriber as a result of the Company's failure to renounce the qualifying expenditures as agreed.

Bellechasse Property

On July 3, 2020, Delta entered into an asset purchase agreement with Yorkton Ventures Inc. (“**Yorkton**”) and 9412-1068 Québec Inc., whereby it sold various assets, including the Bellechasse-Timmins mining titles (the “**Rights**”) (the “**Agreement**”). The Agreement provided for a 1 % **NSR** payable to Delta after the completion of the transaction. On September 14, 2022, following the complete payment of the purchase price, the Rights were formally transferred by Delta to Lithium One Metals Inc. (formerly known as Yorkton) (“**Lithium**”), the whole pursuant to a deed of transfer approved by the *Ministère de l'Énergie et des Ressources naturelles* on September 14, 2022 (now the *Ministère des Ressources naturelles et des Forêts*) and registered in the Register of real and immovable mining rights (the “**Registry**”).

However, a recent review of the Registry revealed that the Rights expired on February 1, 2024, and that they were not renewed by Lithium on or before that date.

Delta therefore retained the services of legal counsel to seek enforcement of the NSR in this context. At this stage, Delta has sent a demand letter requiring that the situation regarding the Rights and the NSR be remedied and it awaits a reply.

Delta-1 / Eureka Property

On October 3, 2019, the Company announced the signing of an exclusive agreement to acquire a 100% interest in the new Eureka gold Discovery in the Thunder Bay Mining District of Ontario. During the year ended December 31, 2023, the Company completed the terms of the agreement and now owns 100% interest in the property.

- The vendor holds a 1.75% NSR Royalty on the claims. Delta may buy back the first 0.75% at any time for seven years after the effective date of the agreement for \$500,000 and the remaining 1% Royalty at any time after the first 0.75% is purchased for \$4,000,000.
- Five legacy claims of the property are also subject to NSR Royalties ranging from 0.5% to 1% from an underlying agreement. Delta has the option to purchase 50% of this NSR for the sum of \$50,000.
- The agreement also includes advanced royalty payments starting 7 years after the effective date of the agreement.

In December 2019, the Company signed an agreement with the Ontario Exploration Corporation (**the “OEC”**) to buy back a NSR of up to 1% on its Eureka property in the Thunder Bay District, Ontario. Under the terms of the agreement, Delta purchased 50% of the OEC NSR at Eureka by paying the OEC the sum of \$50,000.

Delta has the right to purchase the second 50% tranche at any time by paying the OEC an additional \$50,000. Following the purchase of the second 50% tranche, Delta will have purchased the entire NSR Royalty currently owned by the OEC on the Eureka Property.

The OEC currently owns between 0.5% and 1.0% NSR royalty on certain claims of the Eureka property. More specifically, the OEC owns a 1.0% NSR on the claims covering the Eureka Gold prospect, Matawin and Kaspar gold occurrences and a 0.5% NSR on the claims surrounding the Kaspar occurrence.

In July 2021, the Company announced the acquisition of a 100% interest in eight claims (30 Units) in Blackwell, Laurie, Dawson Road Lots and Goldie Townships in Thunder Bay, Ontario and contiguous to the Delta-1 Property - Eureka property. Delta made a one-time \$6,000 payment and issued 200,000 common shares of Delta to the Vendor for a 100% interest in the claims free and clear of encumbrances. The Vendor retains a 1.5% NSR royalty on the Property. Delta retains the right to buy back 0.5% of the NSR at any time for \$400,000 and retains a Right of First Refusal on the remaining 1% NSR royalty.

In April 2022, April 2023 and September 2024, the Company has been accepted to participate in the Ontario Junior Exploration Program Intake 2, 3 and 4. Each Intake contribution was of \$200,000 towards the costs of the Delta-1 / Eureka project.

(3) During the six-month ended June 30, 2024, the Company incurred professional fees in the amount of \$34,324 (2023 - \$15,968), with Nathalie Laurin, the Chief Financial Officer of the Company. In relation with these transactions \$2,051 payable as at June 30, 2024 (2023 – Nil).

The transactions are in the normal course of operations and are measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

13. Contingent liabilities

The Company's operations are governed by governmental laws and regulations regarding environmental protection. Environmental consequences are difficult to identify, in terms of level, impact or deadline. At the present time and to the best knowledge of its management, the Company is in compliance with the laws and regulations. Any additional payment to liability already recorded that result from restoration costs will be accrued in the financial statements only when they will be reasonably estimated and will be charged to the earnings at that time.

14. Commitments

In June 2023, the Company signed a lease contract for its Ontario office, starting August 1, 2023 and expiring in July 31, 2024. The lease contract was renewed on August 1, 2024 for a one year period. Remaining minimum payments, totaling \$25,536, will be paid in 2024.

Under rules established by the Minister of Natural Resources and Forests of the province of Québec, the Company already spend the amount required to maintain the claims on its properties in 2024.

15. Capital management

The Company defines capital as equity amounting to \$2,2288,721 as at June 30, 2024 (\$8,403,747 as at June 30, 2023).

The Company's objectives when managing capital are to:

- ensure sufficient liquidity to support its financial obligations and execute its operating and strategic plans;
- maintain financial capacity and access to capital to support future development of the business while taking into consideration current and future industry, market and economic risks and conditions; and
- utilize short term funding sources to manage its working capital requirements.

The Company has no externally imposed restrictions on capital. There were no significant changes in the Company's approach to capital management during the six-month ended June 30, 2024.

16. Loss per share**(a) Basic loss per share**

Basic loss per share is computed by dividing net loss for a period by the weighted average number of common shares outstanding during that period.

(b) Diluted loss per share

Diluted loss per share is computed by dividing net loss for a period by the diluted number of common shares. Diluted common shares includes the effects of instruments, such as share stock options and warrants, which could cause the number of common shares outstanding to increase.

The Company reported a net loss for the periods ended December 2023 and 2022; the Company has accordingly presented basic and diluted losses per share, which are the same, on a single line in the statements of loss and comprehensive loss. Diluted loss per share did not include the effect of share purchase stock options and warrants as they were anti-dilutive.

17. Financial instruments

- a) Credit risk is the risk that another party to a financial instrument will cause a financial loss for the Company by failing to discharge an obligation. The Company is exposed to credit risk with respect to cash, cash equivalents and other receivables. The carrying amount of these financial instruments represents the Company's maximum exposure to credit risk. Cash are composed of deposits with Canadian financial institution.
- b) Liquidity risk is the risk that the Company will not be able to meet its obligations as they become due. The Company's ability to continue as a going concern is dependent on management's ability to raise required funding through future equity issuances. The Company manages its liquidity risk by forecasting cash flows from operations and anticipating any investing and financing activities. Management and the Board of Directors are actively involved in the review, planning and approval of significant expenditures and commitments.

	Carrying amount	Contractual cash flows	0 to 12 months
	\$	\$	\$
Accounts payable and accrued liabilities	367,031	367,031	367,031

- c) The fair value of cash, cash equivalents, other receivables, accounts payables and accrued liabilities approximates their carrying value due to their short-term nature.

18. Subsequent events

On July 4, 2024, the Company received \$11,000 following the exercise of 100,000 stock options at a price of \$0,11 each.

On August 6, 2024, the Company announced that it had entered into a purchase agreement to earn the exclusive right to acquire 100% interest in the Ternowesky Property consisting in 443 claim units spanning over seven (7) townships and covering over 93 square kilometers, in Thunder Bay, Ontario. Delta will pay the sum of \$150,000 and issue 1,100,000 common shares of the Company upon TSX Venture Exchange approval. The Vendors will retain a 2% Net Smelter Return Royalty ("NSR"). Delta will have the option to buy back a 1% NSR at any time for \$2M and will have a right of first refusal on the second 1% NSR to a maximum of \$4M. Half of the shares issued by Delta will be subject to the regulatory hold of four (4) months while the other half are subject to a voluntary hold of twelve (12) months hold by the Vendors.

On August 22, 2024, the Company signed an Agreement with the original vendors of the Horne and Laurie properties in order to eliminate the future cash payments of \$350,000 and work commitments of \$1,000,000 over the next three years. Under the Agreement, Delta will acquire a 100% interest in both Horne and Laurie properties by issuing a total of 2,000,000 shares (25% of the shares will vest every 4 months from the date of issuance) and issue 1,500,000 warrants of Delta, at a price of \$0.12, for a period of 24 months. The original vendors will retain an NSR Royalty on the properties. This NSR Royalty will be covered under the same agreement as the NSR Royalty on the original Delta-1 property option dated October 2, 2019 whereby the original vendors retain a 1.75% NSR Royalty on all three (3) properties. Delta will have a right to buyback a 0.75% interest until October 2nd, 2026 for \$500,000 and the remaining 1.00% interest thereafter for the sum of \$4,000,000. Delta also retains a right of first refusal on any offer to buy any NSR interest by a third party after October 2nd, 2026.
